

Telomast Range

The Hills range of Telomast is suitable for applications where height is a necessity to gain appropriate signal for your antenna and to be clear of any obstructions that may cause interference.

It is a telescopic mast that expands from its 3m base. The Hills Telomast range is suitable for experienced installers.

Each telomast has a correlating accessory kit:

- 15m Telomast Accessory Kit – FB84A
- 12m Telomast Accessory Kit – FB76A
- 9m Telomast Accessory Kit – FB68A
- 6m Telomast Accessory Kit – FB50A
